ARTICLE IV

Covenant for Maintenance Assessments

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each Lot owned within the Property, hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorneys' fees, shall be a charge on the Lot (including all improvements thereon), and shall be a continuing lien upon the Property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Property and for the improvement and maintenance of the Common Area and easement areas.

Section 3. Basis and Maximum of Annual Assessments. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment shall be Five Hundred Forty Dollars (\$540.00) for Class A members, other than Participating Builders. The Class B member and Participating Builder shall pay 25% of the Class A member assessment and the Class B member covenants and agrees to fund any budget operating deficits until the Class B member (Declarant) has conveyed 75% of said Lots to Owners, (other than Declarant and Participating Builder). Notwithstanding the foregoing, Declarant and Participating Builder shall pay full assessments on all Lots owned by Declarant and Participating Builder upon which a dwelling unit has been completed and is occupied.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased by the Board of Directors, without a vote of the Class A membership, by an amount equal to ten percent (10%) of the maximum annual assessment for the preceding year plus the amount by which any ad valorem real estate taxes and insurance premium payable by the Association have increased over amounts payable for the same or similar items for the previous year.

(b) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above ten percent (10%) by vote of at least two-thirds (2/3) of each class of members who are voting, in person or by proxy, at a meeting duly called for this purpose.

(c) The Board of Directors may from time to time fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of at least two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Notice and Quorum for any Action Authorized Under Section 3 and 4. Written notice of any meeting called for the purpose of taking any action authorized under Section 3 or 4 shall be sent to all members not less than thirty (30) days not more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the

preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 6. Uniform Rate of Assessment. Except as otherwise provided in Section 3 of this Article IV, both annual and special assessments must be fixed at a uniform rate for all Lots and may be collected in advance on a monthly or quarterly basis.

Section 7. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the conveyance of any portion of the Common Area to the Association. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer for the Association setting forth whether the assessments on a specified lot have been paid. A properly executed certificate of the Association with the status of assessments on the Lots shall be binding on the Association on the date of its issuance.

Section 8. Effect of Non-Payment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall be assessed a late fee and shall bear interest from the due date at a rate of ten percent (10%) interest per annum or such greater amount as may be determined by the Board of Directors. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Lot (and all improvements thereon). No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage or deed of trust. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage or deed of trust foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof. No amendment to this section shall affect the rights of the holder of any first mortgage on any Lot (or the indebtedness secured thereby) recorded prior to recordation of such amendment unless the holder thereof (or the indebtedness secured thereby) shall join in the execution of such amendment.

Section 10. Exempt Property. The following property subject to this Declaration shall be exempt from the assessments created herein:

- (a) all properties dedicated to and accepted by a local public authority;

(b) the Common Area; and

(c) all properties owned by a charitable or non-profit organization exempt from taxation by the laws of the Commonwealth of Virginia, provided that no land or improvements devoted to dwelling use shall be exempt from said assessments.

Section 11. Reserves for Replacements. The Association may establish and maintain a reserve fund for replacements of the Common Area by the allocation and payment monthly to such reserve fund of an amount to be designated from time to time by the Board of Directors. Such fund shall be conclusively deemed to be a common expense of the Association and may be deposited in any banking institution, the accounts of which are insured by any State or by an agency of the United States of America or may, In the discretion of the Board of Directors, be invested in obligations of, or fully guaranteed as to principal by, the United States of America. The reserve for replacements of the Common Area may be expended only for the purpose of effecting the replacement of the Common Area, major repairs to or replacement of any equipment, and for start-up expenses and operating contingencies of a non-recurring nature relating to the Common Area. The Association may establish such other reserves for such other purposes as the Board of Directors may from time to time consider being necessary or appropriate. The proportional interest of any member in any such reserves shall be considered an appurtenance of his Lot and shall not be separately withdrawn, assigned or transferred or otherwise separated from the Lot to which it appertains and shall be deemed to be transferred with such Lot.

Section 12. Initial Working Fund. The Board of Directors shall levy an "initial" assessment against the Owner of a Lot other than a Participating Builder who is a Class "A" member at the time of conveyance. Such initial assessment shall be in an amount equal to two (2) months of the initial Annual Assessment, and shall be used for commencing the business of the Association or any other purpose established by the Board of Directors.

ARTICLE V

Architectural Control

Section 1. Building Restrictions. No building, fence, wall or other structure shall be commenced, erected or maintained upon the Property, nor shall any exterior addition to or change or alternation therein be made (including change in color) until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Review Board ("Review Board").

Section 2. Composition of Review Board. The Review Board shall be comprised of three (3) or more members appointed by the Board of Directors. Members shall serve staggered three (3) year terms as determined by the Board of Directors. Members of the Review Board may be removed by the Board of Directors with or without cause. Appointments to fill vacancies in unexpired terms shall be made in the same manner as the original appointment.

Section 3. Officers. At the first meeting of the Review Board following each Annual Meeting of Members, the Review Board shall elect from among themselves a Chairman, a Vice Chairman and a Secretary who shall perform the usual duties of their respective offices.

Section 4. Duties of Review Board. The Review Board shall regulate the external design, appearance and locations of the Property and improvements thereon in such a manner so as to preserve and enhance values and to maintain harmonious relationship among structures and the natural vegetation and topography. In furtherance thereof, the Review Board shall:

(a) Review and approve, modify or disapprove, within forty-five (45) days, all written applications of Owners for improvements or additions to Lots or for modifications and changes to the improvements to the Lots. All applications not acted upon within forty-five (45) days shall be deemed approved;

(b) Periodically inspect the Property for compliance with architectural standards and approved plans for alteration;

(c) Adopt architectural standards subject to the confirmation of the Board of Directors;

(d) Adopt procedures for the exercise of its duties; and

(e) Maintain complete and accurate records of all actions taken.

Section 5. Appeal. Any aggrieved party may appeal to the Board of Directors.

Section 6. Declarant Exempt. Notwithstanding any provision of this Declaration to the contrary, the provisions of this Article V shall not be applicable to the Declarant or any part of the Property owned by the Declarant, or to any Lot owned by a Participating Builder provided that the Declarant shall have first approved the plans of the Participating Builder in writing.

ARTICLE VI

Use Restrictions

In addition to all other covenants contained herein, the use of the Property and each Lot therein is subject to the following:

Section 1. The Lots shall be used for residential purposes exclusively, and no building shall be erected, altered, placed or permitted to remain on any such Lot other than one used as a single-family dwelling. Nothing contained in this Article VI or elsewhere in this Declaration shall be construed to prohibit the Declarant or Participating Builder from the use of any Lot or dwelling, or improvement thereon, for promotional or display purposes, or as "model homes," a sales office, or the like.

Section 2. Except as may be permitted by Section 1 of this Article VI, no part of the Property shall ever be used or caused to be used or allowed or authorized in any way, directly or indirectly, for any business, commercial, manufacturing, mercantile, storing, vending or other such non-residential purposes, except Declarant and Participating Builder may use the Property for model home sites and display and sales offices during the construction and sales period.

Section 3. No sign or billboard of any kind shall be displayed to the public view on any portion of the Property or any Lot, except the permanent entrance sign and one (1) sign for each building site, of not more than eighteen inches (18") by twenty-four inches (24"), advertising the Property for sale or rent, except signs used by Declarant or Participating Builder to advertise the Property during the construction and sales period.

Section 4. No noxious or offensive activity shall be carried on upon any Lot or any part of the Property, nor shall anything be done thereupon which may be, or may become, an annoyance or nuisance to the neighborhood, or which shall in any way unreasonably interfere with the quiet enjoyment of each of the Owners of his respective dwelling unit, or which shall in any way increase the rate of insurance.

Section 5. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other out-building shall be used on any Lot at any time as a residence either temporarily or permanently. Except for Declarant's or Participating Builder's construction or sales purposes, no trailer, or similar equipment shall be permitted to remain upon the Property.

Section 6. No commercial, industrial or recreational vehicle (including boats) shall be parked on the Property without the written consent of the Board of Directors. No motorized vehicle may be used or maintained on the yards or sidewalks of any Lot or Common Area and no unlicensed vehicles are allowed on the Property. The Board of Directors shall have the right to tow any improperly parked vehicle or any vehicle, the keeping or parking of which in the Common Area violates this Declaration upon forty-eight (48) hours' notice.

Section 7. The Board of Directors shall have the right to tow any junk vehicle or other vehicle on which current registration plates are not displayed, which is within any Lot or on any part of the Common Area upon forty-eight (48) hours' notice. The repair or extraordinary maintenance of automobiles or other vehicles shall not be carried out on any of the Lots or Common Areas.

Section 8. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats or other household pets may be kept on the Lot subject to such rules and regulations as may be adopted by the Association and provided they are not kept, bred maintained for any commercial purpose, or in unreasonable numbers. Notwithstanding the foregoing, no animals or fowl may be kept on the Property which result in an annoyance or are obnoxious to residents in the vicinity. Pets must be leashed while on the Property and all pet waste collected and disposed by the Owner.

Section 9. All rubbish, trash and garbage shall be regularly removed from the Property, and shall not be allowed to accumulate thereon. All clotheslines, refuse containers, wood piles, storage areas and machinery and equipment shall be prohibited upon any Lot, unless obscured from view of adjoining Lots and streets by a fence or appropriate screen approved by the Review Board. Nothing herein shall be deemed to apply to the storage on the Property by Declarant or Participating Builder of building materials during, and for use in, the construction of the improvements on the Property.

Section 10. No radio or television receiving or transmitting antennae or external apparatus shall be installed on any Lot. Normal radio and television installations wholly within building are excepted.

Section 11. All Owners and occupants shall abide by the By-laws and any rules and regulations adopted by the Association. Rules and regulations shall be adopted and enforced pursuant to the Virginia Property Owners' Association Act. Any Owner, his tenants, guests or other invitee who violates the restrictions of this Declaration or the rules and regulations adopted by the Board of Directors shall be assessed a charge pursuant to Section SS-513 of the Virginia Property Owners' Association Act.

Section 12. Any lease agreement between a Lot Owner and a lessee shall provide that the terms of the lease are subject in all respects to the provisions of this Declaration, and the Articles of Incorporation and Bylaws of the Association, and that any failure by the lessee to comply with the terms of such documents shall be a default under the lease. All such leases shall be in writing and shall be for a term of not less than six (6) months.

Section 13. None of the foregoing restrictions shall be applicable to the activities of:

(a) Declarant, its officers, employees, agents or assigns, in their development, marketing and sale of Lots or other parcels within the Property; or

(b) To the Association, its officers, employees and agents, in connection with the proper maintenance, repair, replacement and improvement of the Common Areas and its facilities; or

(c) Any Participating Builder designated by the Declarant, its officers, employees, agents or assigns in their development, marketing and sale of Lots or other parcels within the Property.

Section 14. During reasonable hours the Declarant, any member of the Review Board, or member of the Board of Directors, or any other representative of any of them, shall have the right to enter upon and inspect any Lot for the purpose of ascertaining whether or not the provisions of these restrictions have been or are being complied with, and such persons shall not be deemed guilty of trespass by reason of such entry.

ARTICLE VII

Exterior Maintenance

Each Owner shall keep each Lot owned by him, and all improvements therein or thereon, in good order and repair and free of debris, including but not limited to the seeding, watering and mowing of all lawns, the pruning and cutting of all shrubbery, and the painting (or other appropriate external care) of all buildings and other improvements, all in a manner and with such frequency as is consistent with good property management. In the event an Owner of any Lot in the Property shall fail to maintain the Lot and the improvements situated thereon, as provided in the Bylaws and approved by vote of the Board of Directors, the Association shall have the right to enter upon said Lot to correct drainage and to repair, maintain and restore the Lot and the exterior of the buildings and any other improvements erected thereon. All costs related to such correction, repair or restoration shall become a lien upon such Lots and such lien may be enforced in the same manner as an annual assessment levied in accordance with Section 8, Article IV hereof. Any such lien shall be subordinate to the lien of any first mortgage or deed of trust. Sale or transfer of any lot shall not affect such lien. However, the sale or transfer of any Lot pursuant to mortgage or deed of trust foreclosure or any proceeding in lieu thereof, shall extinguish any such lien as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof. No amendment to this Article VII shall affect the rights of the holder of any first mortgage on any Lot (or the indebtedness secured thereby); recorded prior to the recordation of such amendment unless the holder thereof shall join in the execution of such amendment.

ARTICLE VIII

Management

Section 1. Management Agent. The Board of Directors may (but shall not be required to) employ for the Association a management agent or manager (the "Management Agent") at a rate of compensation established by the Board of Directors to perform such duties and services as the Board of Directors shall from time to time authorize in writing. The Management Agent shall perform such duties and services as the Board of Directors shall authorize in writing.

Section 2. Duration of Management Agreement. In the event any management agent is employed, any management agreement entered into by the Association shall provide that such agreement may be terminated with or without cause by either party on thirty (30) days' written notice thereof to the other party. The term of any such management agreement may be renewable by mutual agreement of the parties for successive one (1) year periods.

Section 3. Limitation of Liability. The Association shall not be liable for any failure of any services to be obtained by the Association or paid for out of the common expense funds, or for injury or damage to person or property caused by the elements or resulting from water which may leak or flow from any portion of the Common Areas or its facilities, or from any wire, pipe, drain, conduit or the like. The Association shall not be liable to any member for loss or damage, by theft or otherwise, of articles which may be stored upon the Common Areas or its facilities. No diminution or abatement of assessments, as herein elsewhere provided for, shall be claimed or allowed for inconvenience or discomfort arising from the making of repairs or improvements to the Common Areas or its facilities, or from any action taken by the Association to comply with any of the provisions of this Declaration or with any law or ordinance or with the order or directive of any municipal or other governmental authority.

ARTICLE IX

General Provisions

Section 1. Enforcement. The Association, or any Owner, or any mortgagee of any Lot shall have the right to enforce, by any proceeding at law and/or in equity, all restrictions, conditions, covenants, reservations, liens, charges or other obligations or terms now or hereafter imposed by the provisions of this Declaration, or the Articles of Incorporation or Bylaws of the Association. Failure by the Association or by any Owner or by any mortgagee of any Lot to enforce any covenant or restrictions herein contained or any provision of the Bylaws or Articles of Incorporation of the Association shall in no event be deemed a waiver of the right to do so thereafter. There shall be and there is hereby created and declared to be a conclusive presumption that any violation or breach or attempted violation or breach of any of the within covenants or restrictions or any provision of the Bylaws or Articles of Incorporation of the Association cannot be adequately remedied by action at law or exclusively by recovery of damages.

Section 2. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions, which shall remain in full force and effect.

Section 3. Duration. Except where permanent easements or other permanent rights or interests are herein created, the covenants and restrictions of the Declaration shall run with and bind the land for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of twenty (20) years each.

Section 4. Amendment. Subject to the other limitations set forth in this Declaration, this Declaration may be amended during the first twenty (20) years after it is recorded only by an instrument executed and acknowledged by not less than ninety percent (90%) of the Owners. After the first twenty (20) years this Declaration may be amended by an instrument executed and acknowledged by not less than seventy-five percent (75%) of the Owners. The amendment instrument shall be recorded among the Land Records for the jurisdiction in which this Declaration is recorded. Unless a later date is specified in any such instrument, any amendment to this Declaration shall become effective on the date of recording; provided, however, that no amendment shall be effective unless it is executed by at least one Class A member, should there be any Class A members.

Section 5. Annexation. Additional lots or property described in Exhibit B attached hereto may be annexed to the Property within five (5) years of the date this Declaration is recorded without the consent of the Class A members of the Association, if any.

Any annexations made pursuant to this Section, or otherwise, shall be made by recording a Supplementary Declaration among the land records of Prince William County, which Supplementary Declaration shall extend the scheme of this Declaration to such annexed property or by the recordation of a deed of dedication or deed of subdivision for such additional property or any portion thereof which shall by its terms subject such additional property to the operation of the provisions of this Declaration. Such annexations need not be made by the Declarant; provided, however, that any such annexation accomplished by persons other than the Declarant shall have the consent of the Declarant. On the first day of the month following recordation of the above described Supplementary Declaration, deed of dedication or subdivision, all lots described in the Supplemental Declaration, deed of dedication or subdivision shall be assessed a pro rata share of the annual assessments and any special assessments then due.

Except as otherwise provided herein, annexations to the Property shall require the consent of two-thirds (2/3) of the Class A members.

Section 6. FHA-VA Approvals. Provided that there are then Class B memberships of the Association outstanding, and should any Lot be encumbered by a deed of trust guaranteed by the Veterans Administration or Federal Housing Administration, then neither the members, the Board of Directors nor the Association shall, by act or omission, take any of the following actions without the prior written consent or approval of the Federal Housing Administration or the Veterans Administration.

(a) make any annexation or additions other than as provided for pursuant to Section 5 of Article IX of this Declaration; or

(b) abandon, partition, dedicate, subtitle, encumber, sell or transfer any of the Common Areas or its facilities directly or indirectly owned by the Association; provided, however, that the granting of rights-of-way, easements and the like for public utilities or for other purposes consistent with the use of the Common Areas and its facilities by the members of the Association shall not be considered a transfer within the meaning of this Section 6; or

(c) abandon or terminate this Declaration; or

(d) modify or amend any provisions of this Declaration, the Bylaws, or the Articles of Incorporation of the Association; or

(e) merge or consolidate the Association with any other entity or sell, lease, exchange or otherwise transfer all or substantially all of the assets of the Association in any other entity.

Section 7. Consents by Lenders. Any other provision of this Declaration or the Bylaws or Articles of Incorporation of the Association to the contrary notwithstanding, neither the Owners, the Board of Directors nor the Association shall, by act or omission, take any of the following actions without the prior written consent and approval of not less than two-thirds (2/3) in number of the holders of the first mortgages of record on the Lots:

(a) abandon, partition, alienate, release, hypothecate, dedicate, subdivide, encumber, sell or transfer any of the Common Areas or its facilities directly or indirectly owned by the Association; provided, however, that the granting of rights-of-way, easements and the like for public utilities or for other purposes consistent with the use of the Common Areas and its facilities by the members of the Association shall not be considered a transfer within the meaning of this Section 7; or

(b) abandon or terminate this Declaration; or

(c) modify or amend any substantive provision of this Declaration, or of the Bylaws or of the Articles of Incorporation of the Association; or

(d) merge or consolidate the Association with any other entity or sell, lease, exchange or otherwise transfer all or substantially all of the assets of the Association to any other entity; or

(e) substantially modify the method of determining and collecting assessments against an Owner or his Lot as provided in the Declaration; or

(f) waive or abandon any scheme of regulations, or enforcement thereof, pertaining to the architectural design or the exterior appearances of buildings or structures on the Lots, the exterior maintenance of buildings or structures on the Lots, or the maintenance of the Common Area; or

(g) fail to maintain fire and extended coverage on insurable Common Area on a current replacement cost basis in an amount not less than one hundred percent (100%) of the insurable value (based on current replacement cost); or

(h) use hazard insurance proceeds for losses to any Common Area for other than the repair, replacement or reconstruction of such Common Area.

Section 8. Additional Rights of Mortgagees -Notice. The Association shall promptly notify the holder of the first mortgage on any Lot for which any assessment levied pursuant to the Declaration, or any installment thereof, becomes delinquent for a period in excess of thirty (30) days and the Association shall promptly notify the holder of the first mortgage on any Lot with respect to which any default in any other provision of this Declaration remains uncured for a period in excess of thirty (30) days following the date of such default. (c) In the event of a dispute between Owners with respect to the repair or rebuilding of said connections, or with respect to the sharing of the cost thereof, upon written request of one of such Owners addressed to the Association, the matter shall be submitted to its Board of Directors, who shall decide the dispute, and the decision of the Board shall be final and conclusive on the parties.

There shall be valid easements for the maintenance of said encroachments so long as they shall exist, and the rights and obligations of Owners shall not be altered in any way by said encroachment, settlement or shifting; provided, however, that in no event shall a valid easement for encroachment be created in favor of an Owner or Owners if said encroachment occurred due to the willful misconduct of said Owner or Owners. In the event a structure on any Lot is partially or totally destroyed and then repaired or rebuilt, the Owners of each Lot agree that minor encroachments over adjoining Lots shall be permitted and that there shall be valid easements for the maintenance of said encroachments so long as they shall exist.

No suit or other proceeding may be brought to foreclose the lien for any assessment levied pursuant to the Declaration except after ten (10) days' written notice to the holder of the first mortgage on the Lot which is the subject matter of such suit or proceeding. If the Association employs a management agent and then subsequently undertakes "self-management," it shall promptly give written notice of such occurrence to all of the holders of first mortgages of record on the Lots.

Dawson Landing Homeowners Association, Inc.
Architectural Review Board's
Criteria and Standards
October 10, 2023
Supersedes October 12, 2021

1 INTRODUCTION

The purpose of this document is to provide the procedures and rules the Architectural Review Board uses to maintain and enhance Dawson Landing's appeal with a consistent architectural style. These procedures and rules address the criteria and standards to be followed by all homeowners in the maintenance, alteration and improvement of one's property and those specific standards to be considered when requesting prior approval by the Architectural Review Board. This document is not intended to be all-inclusive or exclusive, but rather to serve as a guide.

Please note – With this revision, it is not the intent of the Architectural Review Board, to make non-approved, that which was previously approved by application to home owner's improvements, but to clarify, where identified, concerns of the community's residences or address non-previously addressed criteria and standards for these improvements.

Please remember that compliance with these procedures and rules does not relieve the homeowner from also complying with any applicable federal, state or local laws, ordinances or regulations. In addition, obtaining a license, permit or other approval from a governmental entity does not relieve the homeowner from also complying with these procedures and rules.

Suggestions for change or addition to this document are encouraged. You may send them to either the Architectural Review Board or directly to the Board of Directors by either the web site (www.dawsonlanding.com) or by mailing to: P.O. Box 4401, Woodbridge, VA 22194.

The authority for maintaining the quality of design and maintenance in the community is founded in the Declaration of Covenants, Conditions and Restrictions of Dawson Landing, which are a part of the deed to every property in Dawson Landing and available from any Board member or on the web site: www.dawsonlanding.com. The Covenants establish the Dawson Landing Homeowners Association and the Architectural Review Board.

As a homeowner, you have been made aware of and likely received a copy of the Declaration of Covenants, Conditions and Restrictions of Dawson Landing in the homeowners' document package at least by settlement. These Covenants "run with the land," and are binding on all homeowners whether or not they received a copy of them prior to settlement. Thus, each homeowner should fully understand and comply with the Covenants, and the Association's rules and regulations adopted pursuant to the Covenants and the Act. In addition, please remember that homeowners are responsible for making sure that their tenants or other lawful occupants of their Lot are familiar with, and comply with, the Covenants and the Association's rules and regulations.

The Dawson Landing Homeowners Association, through its authorized officers, employees and agents have the right to periodically inspect the Property for compliance with architectural and maintenance standards and approved plans for alteration. The disclosure statements are completed by the Association's property management company (currently, MJF) in coordination with the Chair of the ARB. The disclosure

statement provides the governing documents of the Association, the current status of the seller's assessment payments, and the status of any violations of the Criteria and Standards which have not been corrected. The disclosure statement helps protect the future buyer by providing full knowledge of the HOA and its governing documents, and specifically any problems with current owners compliance with the Criteria and Standards or delinquent assessments.

No building, fence, wall or other structure shall be commenced, erected, or maintained upon the Property without the prior written approval of the Architectural Review Board.

Once an application is approved by the ARB, it must be followed or a modification must be submitted to, and approved by the ARB. Complete applications must be submitted to the Chairperson of the ARB. There are multiple ways to submit an application:

Via email to: DawsonLandingARB@gmail.com

or

Send the application(s) by certified mail, return receipt requested, regular mail* to:

Dawson Landing Architectural Review Board

ARCHITECTURAL REVIEW BOARD'S CRITERIA AND STANDARDS

rlp 10-10-23

P.O. Box 4401
Woodbridge, VA 22194

or

Hand-deliver the application(s) to the current ARB Chairperson. (Note that merely dropping off the application on the Chairperson's front porch or elsewhere is not proper submission; the application must be personally handed to the ARB Chairperson). You can find the name and address of the chairperson either by contacting a board member or visiting the association's web site: www.dawsonlanding.com.

*Note: Submitting applications by hand delivery or through regular mail (non-certified mail, return receipt requested) delivery methods authorizes the ARB to communicate to the applicant, at their discretion, through these methods as well.

7.4 When to Expect a Letter of Disposition

The application will be reviewed for completeness by the ARB. If the application is incomplete, it will be returned to the homeowner for completion within ten (10) days after the next ARB meeting opportunity. The Architectural Review Board has forty-five (45) days after receipt to review a complete application.

The decision of the Architectural Review Board will be sent by certified letter, regular letter, or hand delivered to the applicant's address provided on the application, with a copy also being mailed or delivered to the Board. If application is received by the ARB by certified means, disapproved applications will be sent to the applicant by certified mail with a copy of both the application and the certified mail receipt sent to the Board of Directors. Otherwise, regular mail methods will be used.

In the event the ARB fails to act upon any application within forty-five days after receipt, the application shall be deemed approved as submitted. The Board of Directors, the applicant, and all immediate neighbors will be advised of the approval of any application through this forty-five day default rule.

7.5 Application Review Meetings

Meetings of the ARB are generally held monthly. All ARB meetings are open meetings and will be announced on the web site. Additionally, any applicants, immediate, or affected neighbors may request to be advised when the application will be processed so they may attend the meeting to answer questions or voice an opinion.

7.6 Homeowner Rights

Rights of the applicant:

- The applicant may expect the immediate neighbors to either give a timely recommendation (within 48 hours) or advise the applicant that they will submit their recommendation separately. The applicant should indicate the latter on their application.
- The applicant may request to be informed when the application will be processed by the ARB.

- The applicant may appeal to the Board of Directors an application that is disapproved by the ARB. Rights of the immediate and affected neighbor(s)
- Any immediate neighbor may submit their recommendation to an application separately.
- Any immediate neighbor may request to be informed when the application will be processed by the ARB or the decision of the ARB in the same manner as the applicant.
- Any immediate neighbor may appeal an application approved by the ARB.

8 APPEALING AN ARB DECISION

There are two types of appeals -those made to the ARB in order to suggest an update to the Criteria and Standards, and those made to the Board of Directors based on a decision made by the ARB.

8.1 Appeals to the ARB to Recommend Updates to the Criteria and Standards

An appeal may be filed with the ARB if the applicant, immediate, or affected neighbor feels that the Criteria and Standards do not represent the sensibilities of the community and should be modified. This appeal process will be done by submitting written notice of appeal, either by certified letter or hand delivery to the ARB Chairperson.

Once submitted, the ARB will discuss the issue at its next regular meeting. If, after a vote, the ARB agrees with the applicant, a revised Criteria and Standards will be submitted to the Board of Directors for review and possible approval. The applicant will be kept informed. If the Board of Directors approves the update, the status of the request will be changed from 'denied' to 'approved', providing it now complies with the revised Criteria and Standards, and is complete.

If the appeal is denied by the ARB, the applicant may submit an appeal to the Board of Directors.

8.2 Appeals to the Board of Directors

An appeal to the Board from any Architectural Review Board decision may be made if an applicant or immediate neighbor feels:

- proper procedures were not followed during the review process,
- the Architectural Review Board decision was arbitrary and had no rational basis, or;
- the ARB denied an appeal to modify the Criteria and Standards.

8.3 Appeals Process/ Timeline

All appeals will be in writing. Appeals to the Board of Directors must be sent to the Board, at the P.O. Box noted above, by certified mail within fourteen days of the ARB decision being mailed to the applicant. If an appeal is received from an immediate or affected neighbor within that same 14-day period, the Board of Directors will notify the applicant to cease all work until the appeal process has been completed. If the applicant, the neighbor, or the Board of Directors requests a hearing for the appeal, the process will follow that as defined in Section IV (Notice of Hearing), of the Covenant and Rule Enforcement Policy. In addition, the Board reserves the right to initiate an appeal on its own to review a decision by the ARB.

9 AMENDING THE CRITERIA AND STANDARDS

The Architectural Review Board may conduct an annual evaluation of these standards to determine if they need to be amended and then forward its recommendation to the Board for review.

10 ENFORCEMENT PROCESS

All owners and residents of Dawson Landing will comply with all of the provisions of the Covenants, Bylaws, and all rules and regulations, including these Architectural Criteria and Standards. Failure to comply with these documents is grounds for enforcement action, including but not limited to filing suit to recover damages or obtain injunctive relief, suspending voting rights, filing and foreclosure of liens, or any other administrative, legal or equitable relief deemed appropriate.

For a full description of the violations enforcements and process, please see the Covenants and the Covenant and Rule Enforcement Policy. These can be obtained through any Board of Directors member or on the web site: www.dawsonlanding.com.

Please note: failure of the Board or ARB to enforce any provision, covenant, restriction, rule or regulation will in no event be deemed a waiver of the right to do so in the future.

11 CRITERIA

The following criteria represent the general standards that will be used in reviewing and evaluating applications for change. The Architectural Review Board will evaluate all submissions on the individual merits of each application. The characteristics of the house type and the individual site will be considered when evaluating the particular design proposal.

- **Validity of Concept:** The change must be sound and appropriate to its surroundings.
- **Design Compatibility:** The proposed change must be compatible with the architectural characteristics of the applicant's house, the adjoining houses and the neighborhood setting. Compatibility is defined as similar in architectural style, quality of workmanship, similar use of materials, color, proportion, pitch, and construction details.
- **Location and Impact on Neighbors:** The proposed change should relate favorably to the landscape, the existing structure and the neighborhood. The primary concerns are access, view, sunlight, ventilation, and drainage.
- **Scale:** The size of the proposed change should relate favorably to adjacent structures and its surroundings. For example, a large addition to a small house may be inappropriate.
- **Color:** Color may be used to soften or intensify visual impact. Parts of the addition that are similar to the existing house such, as roofs, siding, and trim should be matching in color.
- **Materials:** Continuity is established by use of the same or compatible materials as were used in the original house. The options may be limited somewhat by the design and materials of the original house. For instance, horizontal siding on the original house should be reflected in an addition. On the other hand, an addition with siding may be incompatible with a brick house.
- **Workmanship:** Workmanship is another standard that is applied to all exterior modifications. The quality of work should be equal to or better than that of the community.

Poor workmanship, besides causing the owners problems, can be visually objectionable to others. Poor workmanship can also create safety hazards.

- **Timing:** Once a project is started, it must be completed within a reasonable time frame for the scale of the project, generally within sixty days. Other than cases of hardship, progress must be shown, or demonstrable, on a weekly basis.

12 STANDARDS

In accordance with provisions of the Declaration of Covenants, Conditions, and Restrictions of Dawson Landing, the Architectural Review Board, with the advice and consultation of the Homeowners Association's Board of Directors, has adopted these Architectural Review Board Standards to interpret and implement the architectural control requirements of Articles V through VII of the Covenants by regulating the external design, appearance, maintenance, use and location of property and improvements thereon in such a manner so as to preserve and enhance values and to maintain a harmonious relationship among structures and the natural vegetation and topography. These standards are not intended to supersede the Covenants, but to enunciate the consensus of the Board and ARB as representatives of the community as a whole on the standards that should be followed by the ARB in discharging its duties and responsibilities.

These standards address a broad range of exterior modifications for which the homeowners frequently submit an application to the Architectural Review Board. It would be impossible to address each specific design condition. Thus, these standards present the principal factors that should be considered when developing a design. More specifically, these standards define the limits to size, quality of construction, location, materials and color based on the intended use and relationship to adjoining properties rather than focusing on a particular construction detail or a specific design alternative. The Standards that follow are divided into four categories. These categories are designed to clarify whether something requires prior ARB approval or not, and under what circumstances. The definitions and examples are given to help in the process, not as stand alone items. Please refer to the Standard item list for the full information. If you are unsure whether a particular alteration or improvement requires the ARB's prior approval, you are encouraged to contact the ARB for guidance before starting on your project. If an alteration or improvement is made without the required prior approval, you will be responsible for bringing your property into compliance by submitting an application for approval and then making (and paying for) any changes that are required by the ARB or the Board.

These categories and their descriptions are as follows:

Require ARB approval -These are items that require prior approval under all circumstances, regardless of the manner or location of installation or construction.

Examples of this category are: decks, in-ground swimming pools, and fences.

Do not require ARB approval -These items, while not requiring ARB approval, nevertheless have standards that must be met or are listed to explicitly separate them from other items. Examples of items in this category are:

- Animals -you can have a dog, cat, etc., but you cannot have horses or cows.
- Portable barbeque grills -permanent ones require approval. Portable ones are listed separately to clarify the difference.

Items not requiring ARB approval must be designed and implemented according to the criteria listed for that item. Items that are not installed, maintained, or otherwise do not comply with the standards listed for them will be considered in violation.

Approval may be required - In general terms, if you're planning on changing the appearance of something, it requires approval. If, however, you're maintaining or replacing something with one similar in design, color, and scale, approval is not required. Examples of items in this category are:

- Mailboxes -if the replacement mailbox is similar in color, design, and scale, it does not require ARB approval, but any other permanent changes to or replacement of mailboxes do require approval.
- Exterior Painting - approval is required for changing any exterior paint color, but repainting items in the same color do not.

Not applicable - ARB approval is never required, but there are still standards that must be met. These are generally maintenance issues such as mowing and compost piles.

Other - There are also two spots where one specific part of the item requires approval. These are:

- Security systems - do not require approval, but any outside lighting that accompanies an otherwise internal security system does require ARB approval.
- Clotheslines -do not require approval, but must be accompanied by appropriate screening. The screening requires ARB approval.

12.1: Major Exterior Changes -Require ARB approval

Major alterations are generally considered to be those that substantially change the existing lot either by subtraction and/or addition. Major exterior changes include, but are not limited to construction or modification of driveways, garages, porches, decks, swimming pools, greenhouses, rooms, fireplaces, sheds, gazebos, and chimneys, and other additions or changes to a home or property.

The design of major changes should be compatible in scale, materials, and color with applicant's house and adjacent houses. The location of changes should not impair the views, or amount of sunlight or natural ventilation on adjacent properties. The roof pitch should be architecturally compatible with the existing pitch of the roof on the applicant's house. New windows and doors should match the type used elsewhere in the applicant's house and should be located in a manner which will relate well to the rest of the house.

If changes in grade or other conditions affecting drainage are anticipated, they must be indicated. Approval will be denied if adjoining properties are adversely affected by changes in drainage.

Construction materials must be stored so that impairment of views from neighboring properties is minimized. Excess material should be immediately removed after completion of construction.

12.2: Exterior Appearance - Not applicable

Residents are responsible for maintaining the exterior of their dwelling, any other structures on their lots, such as decks, fences, sheds, playground equipment, swimming pools, spas, and landscaping such as trees, lawns, flowers, hedges, shutters, walkways, driveways, etc.

Holiday decorations, such as holiday specific lights, wreaths, etc., for Christmas, Halloween, Thanksgiving, or other holidays, should be removed within 30 days after the holiday.

Driveways shall not be used for storage of building materials, garden equipment and supplies, play equipment, trash cans or recycle containers, recreational vehicles such as boats, ATVs, motor bikes, water jets, etc., trailers for recreational vehicles, equipment, or supplies. Such items must be stored in the garage or in an approved shed. Construction equipment and supplies may be temporarily placed on the driveway while in the process of making home improvements.

12.3: Exterior Maintenance - Not applicable

Residents are responsible for keeping their lot and all improvements therein or thereon, in good order and free of debris, including but not limited to the seeding, watering and mowing of lawns, the pruning and cutting of shrubbery, and the painting (or other appropriate external care) of all buildings and other improvements, in a manner and with such frequency as is consistent with good property management. Residents are responsible for mowing the lawn and edging the sidewalk and driveway on their yards. This includes the narrow strip between the sidewalk and the street.

Homeowners are expected to maintain their property up to the street and up to adjoining Lots.

12.4: Animals - Do not require ARB approval

No animals, birds, fowl, property, or livestock, other than a reasonable number of generally recognized household pets shall be maintained on any property within Dawson Landing and then only if they are kept, bred, or raised thereon solely as domestic pets and not for commercial or profitable purposes (Declaration, Article VI, Section 2).”.

12.5: Antennas and Satellite Dishes -Require ARB approval

Section 207 of the Federal Telecommunications Act of 1996 (“Section 207”) gives homeowners certain rights to install certain antennas, including satellite dishes, in order to receive video programming and broadcast signal reception, and to receive and/or transmit fixed wireless signals. Accordingly, the standards stated below are intended to comply with Section 207. For further information on Section 207, you are encouraged to visit the Federal Communications Commission’s website at www.fcc.gov.

Homeowners are not required to have prior approval from the ARB for antennas and dishes covered by Section 207. However, all antennas and satellite dishes are subject to the guidelines below, and homeowners will be required to correct any violations.

- Exterior satellite dishes larger than one meter (39.3 inches) in diameter, and any other exterior dishes or antennas not specifically covered by Section 207, are not permitted on any Lot or the common area. Examples of dishes or antennas not covered by Section 207

include, but are not limited to, those that are used to transmit AM/FM radio, amateur ("HAM") radio, Citizens Band ("CB") radio, and Digital Audio Radio Services ("DARS") signals.

- Homeowners should place the permitted antenna or dish in the least conspicuous place possible. These devices are not to be installed in the front of the lot or on the front facade of a house if another location exists on the lot or house where the device can receive an acceptable quality signal and would not unreasonably increase the cost of installation, maintenance or use of the device. Whenever possible, the device should be placed to the rear of the house in the most non-conspicuous, least visible location that allows for proper operation. Under no circumstances shall a device (or its related equipment) be installed on the Association's common area or otherwise encroach upon the common area. Antennas shall be installed no higher than is absolutely necessary for reception of an acceptable quality signal.
- All antennas that transmit signals must meet all applicable FCC guidelines regarding radiofrequency (RF) exposure limits, and must be professionally installed due to safety concerns related to such exposure.
- No more than two antennas or dish for each type of service may be installed within a Lot.
- The device should be reasonably screened from view from any other lot or common area, and should be ordered in a color (to the extent available), or should be painted (in a manner that will not interfere with reception or void a warranty) so that it blends into the background against which it is mounted. Wires or cables shall be secured and screened as much as possible without unreasonably increasing the cost of installation, maintenance or use.

12.6: Attic Ventilators -Do not require ARB approval

Attic ventilators or other mechanical approaches requiring penetration of the roof should be as small in size as functionally possible, and should blend in as much as possible to their surroundings. They must be located on the least visible side of the roof and not extend above the ridgeline.

12.7: Barbecue Grills (permanent) - Require ARB approval

The definition of a permanent barbecue grill is one that is made of masonry, is permanently built or affixed to the Lot or a structure on the Lot, or that is otherwise designed not to be moved, such as built into a deck and permanently affixed to a gas supply (in lieu of being attached to a propane refillable bottle).

Permanent barbecue grills must be located in the rear of the house and as far from adjacent property lines as is practical.

12.8: Barbecue Grills (portable) - Do not require ARB approval

Barbecue grills should be located so as to not create a nuisance for other residents, and to comply with the County's fire code and/or regulations.

12.9: Clotheslines - Screening requires ARB approval

Clotheslines are prohibited upon any lot unless obscured from view of adjoining lots and streets by a fence or appropriate screen approved by the Architectural Review Board.

12.10: *Compost Piles - Not applicable*

Compost piles may be maintained on the resident's property if they are maintained at least eight feet from any property line and to the rear of the property. Active compost piles must have a six-inch layer of straw or leaves over top of them to prevent odors from escaping.

The Architectural Review Board will notify any residents whose compost pile has become a nuisance and ask them to rectify the problem or remove the compost pile.

12.11: *Dog Houses and Runs - Not applicable*

No structure for the care, housing, or confinement of any animal shall be maintained so as to be visible from neighboring properties (Declaration, Article VI, Section 2).

12.12: *Driveways – Approval may be required*

Driveways may be resurfaced using like materials. Driveway resurfacing does not require ARB approval. However, if resurfacing includes changes to the existing size and / or location of the driveway, then ARB approval is required.

Driveway modifications can include use of different materials (i.e., blacktop, concrete, other hard surface materials, and / or a combination of hard surfaced materials) and can be resized, however modifications of this nature require ARB approval.

Gravel or other loose material driveways, in whole or in part, will not be approved. Lawn surfaces are not considered acceptable driveways or driveway extensions.

12.13: *Electronic Insect Traps -Do not require ARB approval*

Electronic insect traps may only be utilized in such a way as to not cause discomfort or annoyance to adjacent owners from the noise or light and then only during those times when the immediate area protected by the trap is occupied by the owner or guests. Under no circumstances will electronic traps be permanently installed or maintained.

12.14: *Erosion Control -Not applicable*

Each resident is responsible for seeing that their lot area is protected from erosion and that storm drain structures are not blocked so as to cause erosion problems. It is the responsibility of each homeowner not to create or allow an erosion problem. As a reminder, installation of new structures requires prior ARB approval.

12.15: *Exterior Portable Unit Air Conditioners - Not applicable*

Portable air conditioning units such as those normally designed to extend from windows are prohibited, except that the Board may grant a waiver on a case-by-case basis to the extent required for a reasonable accommodation under federal or state law.

12.16: *Exterior Decorative Objects - Approval may be required*

Items that fall under this category include representative items such as birdbaths, wagon wheels, sculptures, fountains, non-recreational pools, stumps, driftwood piles, freestanding poles of all types, and items attached to approved structures.

Approval is required for all introduced exterior decorative objects that will be put forward of the rear foundation. Approval is not required for items in this category that are located towards the rear of the house.

12.17: Exterior Lighting - Approval may be required

Approval is not required if the new item is replacing an existing one and is similar in color, design, and scale.

Approval is required to replace existing lighting where replacement is not similar in color, design, or scale, or if the homeowner is introducing new lighting. This includes lighting associated with security systems.

Approval is required for landscape lighting.

12.18: Exterior Painting - Approval may be required

Approval is required for exterior painting where color changes are made. Color changes apply to the house siding, doors, shutters, trim, roofing, gutters and other approved structures such as a deck or shed.

12.19: Fences - Require ARB approval

Fences are used to separate property, provide security, visual privacy, or to architecturally define space. In achieving any one of these goals, a barrier is created which has both a visual and a physical impact on the boundaries of common land and property of adjacent homeowners. Careful consideration should be given to the basic fencing concept and the manner in which the concept is executed. Standards are an addendum to Prince William County (PWC) regulation and requires a PWC permit.

In the absence of any specific aesthetic or safety-oriented considerations, the Architectural Review Board will not approve the installation of any fence forward of the midpoint of the side foundation walls of any structure in Dawson Landing. If a homeowner plans to install a fence forward of the rear foundation wall to the midpoint of the side foundation wall or adjacent to another homeowner's front yard, that side of the fence must be landscaped so it is hidden from view, and a landscaping plan must accompany the application.

Approved fencing must be constructed of the following materials: pressure treated natural wood, composite, vinyl fencing with UV inhibitors, black anodized aluminum or wrought iron. Guidelines that must be used in the design of fences include:

- Design and style must be compatible with the community.
- Fence posts must be located to the interior of the fence (style permitting) with finished side facing out.

- Picket spacing will be consistent and should be three to six inches apart. (if picket style fencing is used).
- Will not exceed forty-eight (48) inches in height, **or** seventy-two (72) inches for metal picket fences.
- Double fencing is not permitted. Double fencing refers to a fence within a fence. Fences around pools and fences containing gardens and compost piles (see Landscaping and Vegetable Gardens) are exceptions, which are allowed and are within these guidelines.
- Chain link, chicken wire, or similar styled metal fencing is not permitted unless it is temporary and falls within the restrictions of the section referring to Landscaping and Vegetable Gardens.
- Solid Fencing (i.e., concrete, block, stone, or other similar hard surface or simulated material) is not permitted. Fencing around swimming pools will be approved on a case-by-case basis. The color of the fence must be included in the application.

12.20: Firewood -Approval not required

Firewood maintained for wood-burning fireplaces must be kept to the rear of the house, neatly stacked, and within the resident's property. As with clotheslines, screening may be required to minimize visual impact. Firewood piles should not exceed four feet in height for safety. Firewood piles must contain firewood only, no storage of debris. Note -it is strongly recommended that firewood piles not be kept near or in the residence because of insect infestation. Any firewood that is infested or rotted shall be considered rubbish and must be disposed of accordingly.

12.21: Flagpoles -Approval may be required

One temporary flagpole staff, which does not exceed six feet in length and is attached at an incline to the front of the residence, does not require approval of the Architectural Review Board. All other requests for flagpoles require approval.

12.22: Greenhouses -Require ARB approval

Requests for approval of Greenhouses will be reviewed under the same criteria as storage sheds with consideration for the special requirements of sun orientation. Greenhouses will have special attention given to visibility of interior activities and appearance.

12.23: In-Home Business -Not Applicable

No part of the Property shall ever be used or caused to be used or allowed or authorized in any way, directly or indirectly, for any business, commercial, manufacturing, mercantile, storing, vending or other such non-residential purposes (Declaration, Article VI, Section 2) and Code of Virginia 55.1-1821.

12.24: Landscaping and Vegetable Gardens -May require ARB approval

Landscaping timbers, pavers, and other similar landscaping containment materials that are greater than one foot high and are installed forward of the rear foundation require ARB approval.

Landscaping and materials done in the back yard do not require ARB approval, but must meet the criteria listed below.

Care should be exercised in the planting and maintenance of trees and shrubs to prevent obstruction of sight lines required for vehicular traffic, and that any landscaping materials used to surround these are confined within the property. It is the responsibility of the homeowner to ensure that all vegetation is neatly maintained throughout the growing season. Flowerbeds will be maintained throughout the year.

Removal of native trees more than six inches in diameter must have approval of the Architectural Review Board unless there is a risk of imminent collapse, in which case, removal may be done prior to approval, but a request must be submitted to keep property records up-to-date. Trees being removed adjacent to Neabsco Creek may require special requirements from either the County or the Chesapeake Bay Authority. Ornamental trees planted by the homeowner may be removed without board approval.

An active and thriving vegetable garden or compost pile is the exception to the 'no metal fencing' rule. These gardens may be immediately enclosed by a fence in order to provide a barrier to pests. These fences must comply with the Fences standard except:

- Cannot exceed 36 inches in height unless it matches the height of its immediately surrounding fence
- Must be a dark color, such as hunter green or black, and must be externally landscaped to hide most of the fencing. Surrounding the outside of this fence with a wood or wood-like material is encouraged.

12.25: *Mowing -Not applicable*

Grassed areas are required to be maintained and mowed at regular intervals with reasonable frequency, so that the height of the grass does not exceed six inches.

12.26: *Mailboxes -Require ARB approval*

The standard builder mailbox is a brown wooded post, black metal receiver over an open wooden newspaper receiver. The house number is displayed on the side of the box as approached by the postal carrier, but numbers may be displayed on both sides.

Upgrades which are visually appealing and enhance value are encouraged. Mailbox posts can be constructed of wood, metal, PVC or brick. Acceptable colors for mailbox posts are black, white, natural wood or brick colored to match the brick façade of your home. Mailbox receivers must be black. Those which are whimsical in nature, abstract or otherwise distracting will not be approved. See attached examples of mailboxes that will be approved by the ARB.

12.27: Patios, Porches, and Decks -Require ARB approval

Decks, porches and patios must be designed and constructed so as to minimize any visual impact from neighboring properties. Patios and decks should be located toward the rear of the houses. Side yard locations will be evaluated on their individual merits.

If patio and deck schemes include other exterior changes, such as fencing, lighting, landscaping, latticework, etc., other appropriate sections of these standards must be addressed in the application.

Decks are to be constructed of natural or wood tone, pressure treated wood, or acceptable alternatives such as simulated wood materials, and may have either a natural wood stain or a color compatible with the house. The application must include the height of deck off the ground.

Porches will be constructed of material so as to match the existing structure in color, style, and texture. Porch roofs must complement the rooflines of the existing structure.

Porch and Patio top surfaces, including but not limited to slate, flagstone, brick, concrete, blacktop, etc., must be addressed in the application.

12.28: Recreation and Play Equipment -Does not require ARB approval

Playground equipment: including but not limited to swing sets, trampolines, gym sets, sand boxes, etc. must be maintained in the rear of the house.

Portable playground equipment, such as street hockey, soccer goals, skate ramps, etc., must be put away or stored in the rear of the house when not in use. Portable basketball backboards are authorized to remain in owners’ driveway during the season of daylight savings time; otherwise they must follow the guidelines for other portable equipment.

In the interest of safety and maintaining the aesthetic quality of our community, it is strongly recommended that portable basketball backboards and all other recreational or play equipment not

be placed or used in the roads or streets of the community or placed in such a manner where the participants using them would be in the roads or streets.

The most desirable material for recreational and/or play equipment is wood in its natural color. If the recreational and play equipment becomes a nuisance to neighboring properties, or the equipment falls into a state of disrepair to include rusting, the Architectural Review Board in their discretion will require removal of the equipment from the property.

12.29: *Retaining Walls or Other Hard Surface Free Standing Walls require ARB approval*

Retaining walls can be used to control erosion or enhance the physical characteristics of landscaping and/or garden designs; however, they require approval from the Architectural Review Board. If changes in grade or other conditions affecting drainage are anticipated, they must be indicated.

Retaining walls or walls of a similar nature, (concrete, block, pavers, brick, timber, etc.), used to separate property boundaries will not be approved or considered. See the section labeled Fencing.

12.30: *Security Systems -Exterior Systems and Lighting require ARB approval*

Exterior security systems and security lighting require ARB approval. Internal security systems do not.

Security systems must meet all local and state statutes and must not be of the type that creates a noise nuisance for the residents of Dawson Landing, such as exterior alarms that can only be turned off by the residents from inside the house. Security lighting systems must be such that they do not shine directly into the home of a neighbor. Any security device that can possibly create a safety hazard for the residents of Dawson Landing, or any utility personnel with access to property through easements, are absolutely prohibited.

12.31: *Sidewalks and Pathways -Require ARB approval*

Sidewalks or pathways including but not limited to flagstone, brick, concrete, black-top, etc. require approval from the Architectural Review Board if located, in whole or in part, forward of the front foundation of the house.

12.32: *Signs -Real Estate Sales/Rent Signs -Not applicable*

One sign of not more than eighteen inches (18") by twenty-four inches (24"), advertising the Property for sale or rent is permitted (Declaration of Covenants, Conditions, and Restrictions Article VI, Section 3).

12.33: *Solar Panels -Require ARB approval*

Solar panels require approval from the Architectural Review Board. Panels must be mounted on the rear side of the dwelling's roof and may be flush or extended. If extended they may not extend above the roof peak such that they are visible from the street (or pipe-stem). An exception is required to install solar panels at other locations, including the front side of the dwelling's roof. The Virginia code requirement for device cost or collection reduction must be met. See VA Code Section § 67-701.

12.34: Storage Sheds -Require ARB approval

Storage sheds must be compatible with both the architecture and the landscaping surrounding the house and constructed of materials so as to match the existing home in color, style, and texture. They will only be approved as a stand-alone object and if landscaped in such a manner as to have minimum visual impact. A landscaping plan must accompany the application.

The shed must be designed to respect the visual rights and aesthetic interests of neighborhood properties. Sheds may not exceed one hundred fifty square feet in size nor exceed ninety-six inches in height unless they are the lower part of a raised deck and totally enclosed for storage. Approved storage sheds must be placed upon a solid masonry foundation floor or concrete footings, or other approved structural system that is of sufficient design to accommodate all loads.

12.35: Storm and Screen Doors -Approval may be required

The color of storm doors must conform to the existing color scheme surrounding the door. Only plain full view storm and screen doors will be permitted. Full view is defined as having total view from top to bottom, either with glass or screen or both with a middle bar allowed for support of the top and bottom sections. Variances must be requested and may be considered on a case-by-case basis.

The Architectural Review Board on a case-by-case basis will consider requests for installation of rear and/or side security doors.

12.36: Storm and Screen Windows -Require ARB approval

Requests for storm windows must be submitted to the Architectural Review Board for approval. No plastic covering will be permitted on the exterior doors or windows of any houses in Dawson Landing.

12.37: Sun Control Devices -Require ARB approval

Sun control devices include but are not limited to latticework or awnings. Applications for exterior sun control devices require a site plan showing the location of the devices; sketches and or photographs of the house and adjacent homes as appropriate; sketches, photograph, or manufacturer's product information of proposed sun control devices including indication of dimensions, construction details, showing how the devices are to be attached to the house, materials, and color. In the case of fabric awnings, submission of material and color must be included.

12.38: Swimming Pools, Spas, and Hot Tubs -Require ARB approval
